## Message from the PTA

---

The PTA has previously been able to successfully apply for charity grants which have been instrumental in providing equipment for our children. Should you come across any grants that may be appropriate, please do let us know ([secretary@friendsofLaunton.co.uk](mailto:secretary@friendsofLaunton.co.uk)) so that we can assess and apply for them.

We continue to value your support of PTA initiatives and will keep you informed of future meetings, activities and elections.

You will still be able to support our charity using the following links:

## Message from Mrs. Paterson

How fortunate we have been to reach late September with such lovely weather. As the temperature drops and it becomes less clement, please ensure that children have a warm layer to wear for PE outdoors: the DfE requires us to take all the opportunities that we can to access fresh air outdoors.

The nursery children in Cherry Class have been out and about exploring on the field and enjoying stories under the willow dome.

The children in Ash Class took their telescopes out searching for “A shark in the park” in the grounds earlier this week and lots of classes have been out testing their designs to protect falling objects and designs to make rafts that float.

We have been asked to send a letter from the NHS to you about coronavirus testing; you can read it [here](#).

The School Health Nurse has also sent information that you can read [here](#).

The NHS has scheduled our annual ‘flu immunisation; you should have received their information earlier today from us if your child is in reception, Year 1,2,3,4,5,or 6. You can also access that information [here](#).

If you have not received this, please advise us by email as it may indicate that you are not logged into our secure email system through the school website and you may miss important information.

We have scheduled a visit with the school photographer on 12<sup>th</sup> October for all classes. We will be able to have school aged siblings photographed together, but not include any siblings who do not attend our school. If you do not wish your school aged children to be photographed together, please advise us by email before 12<sup>th</sup> October.

---

## Dates for your diary

---

## Updates and Reminders

Please ensure that if any of your contact details have changed including address please notify the school office by email as soon as possible.

Coronavirus Testing Information [link](#)

Flu Immunisation consent is due by 2<sup>nd</sup> December at 5pm.

This [link](#) provides contact details for the School Health Nurse.

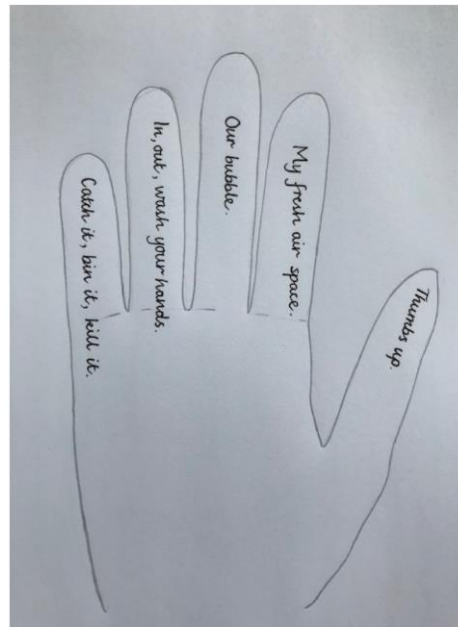

[Term dates 2020-2021](#)

### 12<sup>th</sup> October - School Photographs

2<sup>nd</sup> December – last day to submit flu consent form

### 7<sup>th</sup> December - Flu Immunisation

Please be aware that we have children in school with serious food allergies. To ensure the safety of all of our children please avoid sending your child to school with anything that contains nuts.

#### 1. Catch it, bin it, kill it

We have labelled bins for any waste associated with personal hygiene, for example, paper towels on which children have dried their hands.

#### 2. In, out, wash your hands

Everyone washes their hands when they enter a room and before leaving a room.

#### 3. Our bubble

This is the group of children and adults in your class, with whom you learn, play and eat lunch; your bubble remains the same.

#### 4. My fresh air space

This is the area around you, extending as far as you can reach; other people avoid coming in to your fresh air space and you avoid going in to their fresh air space.

#### 5. Thumbs up

This is just one way of greeting someone without touching them.
