Message from Mrs. Paterson

Sports day

Determination, self-belief and passion were demonstrated throughout the day on Tuesday as all the pupils competed in our final instalment of sports day events.

Pupils enthusiastically participated in events including, a tricky obstacle course, sack races and skipping races.

Rowan Class Reporter "In the egg and spoon race, my egg didn't even come off." reports Sophia. "I only fell over once in the sack race." said Evelyn very proudly. "Football dribbling was the best bit." said Toby. "My hat came off only once: we were wearing them because it was sunny." explained Tabitha.

All the children in key stage two have been working with a cricket coach. "Charlotte from All Stars will be teaching us cricket this term and so far it has been fun. We aim to be cricket pro's by the end of this term. (Sophia) "We had fun with Charlotte. She is going to be teaching us cricket. Today we practised our catching skills and by the end of term we will know how to play cricket properly." (Leah)

And finally, thank you to parents and carers who showed such vigilance over safety and forbearance over inconvenience, going out of their way to improve the difficult situation, during the influx of many many people earlier this week during the unexpected arrival of a Covid vaccination centre up the lane. I understand that it may be tricky for the next two Wednesdays too: many will be completely unfamiliar with the constraints of the site, or of the DfE infection-control measures that require us to operate with the pick up arrangements in place now.

Updates and Reminders

Important Information about Lateral Flow Tests (LFD) from OCC.

LFD tests are for people who are symptom free. They can identify people who have COVID but have no symptoms, and who could be passing it on to others without knowing.

Who are COVID LFD home test kits for?

- All Adults
- Children and young people who are in secondary school and college (tests provided by the schools).

Primary school aged children or younger children are **NOT** currently part of the Government's LFD testing programme.

If you have symptoms of COVID

If you, your child or anyone in the household has symptoms that could be COVID, no matter how mild, you need to get a PCR test.

Get a PCR test - www.gov.uk/get-coronavirus-test **Do not use a LFD home test.**

Please be aware that we have children in school with **serious** food allergies. To ensure the safety of all of our children please avoid sending your child to school with anything that contains nuts this includes sandwiches containing peanut butter or chocolate spread.

As the weather hopefully continues to improve, please think about sending your child with a sunhat, clearly labelled with their name, and ensure that all the garments that children quickly remove when the sun comes out are also labelled.

Children must not bring suncream to school (or nursery): please apply it before school.
