11th July 2024 | Issue 236

Oak Class have now completed their toilet twinning project and raised a total of £143.04. "Lots of people do not have a toilet," explained Skye and Fleur added "If you do not have a toilet is not safe and people get sick." Robyn explained "We have decided to send the money to Nigeria." Charlie said "I am happy that we giving the money to people that do not have toilet." "I was excited about the project and couldn't wait to see how much money we raised." Barney said "It is important to do another project to help people that need help," so we are looking forward to seeing what Oak Class do to make a difference in the world when they are in Year 4. Thank you to everyone who supported them in their project.

Year 6 held a Musical Extravaganza on Wednesday 10th July in aid of The Leprosy Mission, entertaining parents, family and governors with their wonderful brass band and excellent performances from soloists. They demonstrated their excellent baking skills by serving tea and delicious homemade cakes, and were fantastic hosts. Thank you to everyone who supported them in their project.

Their report:

We chose to fundraise for this charity because it supports and complements all of our school values- integrity, courage, compassion and resilience. We raised £168.08. From our research we know that this will save 7 children from having to live with this devastating, disabling condition. Thank you to all the parents and other guests who attended and donated so generously. Thank you also to Mr Probert who turned us into a great brass band and to teachers for listening to our proposal and supporting us to achieve it.

As parents and carers, there are ways we can support our children to give them the best chance to stay mentally healthy. Encouraging and guiding a child to think about their own mental health and wellbeing are vital skills you can teach them from a young age. [Children's mental health - Every mind matters](#)
